2011-2012 Hunting Season Information

Hunting Boundaries

Application Process

Applications for the 2011-2012 hunting season will be available at the Georgetown Lake Office or via email May 2, 2011—July 1, 2011. Hunters must submit the application NLT July 4, 2011. Applications turned in (or post-marked) after July 4, 2011 will be returned to the applicant. Hunters must submit a **\$25 non-refundable application fee** with the application. Payment can be made by **check/money order** or **exact cash** in our office (8:00 am—4:00 pm M-F) or mailed to: Georgetown Lake Office 500 Lake Overlook Drive Georgetown, TX 78633. Please do not mail cash.

Proficiency Test

Hunters will be required to successfully complete a proficiency test, dated May 1, 2011 or later, with a score of 80% or more. The test

must be taken on a standard IBO course (10-8-5-0 scoring, see www.IBO.net) with no target more than 30 yards and a minimum of 14 targets. A scorecard, signed by a range officer, will suffice as proof of proficiency. **The Lake Georgetown Project Office will no longer conduct an on-site proficiency test.**

Selection Process

The Lake Georgetown Office will randomly select a maximum of 100 applicants for the 2011-2012 hunting season. Our office will contact the selected hunters by mail. The selected hunters must attend a mandatory Hunter Orientation the third Saturday in August, with times being assigned. **This will be the only opportunity to pick up permits.** Proof of hunters education and a valid hunting license must be provided along with a \$90 permit fee. **The fee can only be paid by check or money order.**

Hunters from the 2010-2011 season that harvested at least one doe or spike will be exempt from the random selection and automatically selected to receive permits provided we have all neces-

sary documentation and payments to include: the application, \$25 application fee, proof of hunters education, an IBO course scorecard with a score of 80% or above, valid hunting license, and the \$90 permit fee. **These hunters are still required to attend the Hunter Orientation to pick-up their permit.**

Checking in Deer

The project office will no longer check in deer or issue MLDP tags. There will be hunter check-in stations at Russell Park, Jim Hogg Park, and Tejas Park. These stations will issue the MLDP tags as deer are checked-in. Schedules for the hunter check stations will be available prior to hunting season.

Only MLDP tags must be used to tag deer. Hunters will be notified in writing of harvest restrictions.

Extra Information

Our office will no longer accept volunteer contributions in lieu of permit fees.

Our office will no longer provide government furnished stands and feeders. All areas will be open for self service only.
